**LinkedIn:** [linkedin.com/in/mauriciabad](https://linkedin.com/in/mauriciabad)

**GitHub:** [github.com/mauriciabad](https://github.com/mauriciabad)

I've made several projects to learn new technologies, such as Web/Android Apps, Internet Of Things, UI/UX design principals, Photo/Video editing and programming Languages/Tools.

I've made two projects, one internal and one external, mentored by the CEO. One was an email scrapper made with PHP for a real estate agency and the other was a migration from MailChimp API 2.0 to 3.0.

## SKILLS

- ★ Software Architecture
- ♥ JavaScript
- ♥ CSS
- PHP
- C++
